Hello Nassau Neighbor,

For years now you have spoken to your family and friends about the troubling state that Nassau County is in. The outrageously high property taxes, escalating gang related crime, the out of control school budgets with minimal effect on the quality of education, the diminishing services we pay a premium for. The list goes on. It's time to stop talking and start taking action!

We are a group of concerned citizens like you who organized to promote the economic, civic, social, environmental, recreational and moral well being of Nassau County & its residents.

*"It behooves every man to remember that the work of the critic is of altogether secondary importance, and that, in the end, progress is accomplished by the man who does things."*
